"Provides service and repair information for the fifth generation, also known as the A5 platform Volkswagen Jetta"--Provided by publisher.

Franklin, Jack, Marla, Thadius, and Caitlin... this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasties, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

Readers gain a strong understanding of the importance of business ethics, sustainability, and stakeholder management from a strong managerial perspective with Carroll, Brown and Buchholtz's BUSINESS AND SOCIETY: ETHICS, SUSTAINABILITY, AND STAKEHOLDER MANAGEMENT, 10E. Readers see, first-hand, how the most successful business decision makers are able to balance and protect the interests of various stakeholders, including investors, employees, consumers, the community, and the environment. They review the importance of business decision making particularly now, as businesses recover from a perilous financial period. Readers are able to examine in detail the social, legal, political, and ethical responsibilities of a business to all external and internal groups that have a stake, or interest, in that business. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.
