Alien meets Alexandra Bracken ' s The Darkest Minds in this thrilling debut novel about prison-guard-in-training, Kenzie, who is taken hostage by the superpowered criminal teens of the Sanctuary space station—only to have to band together with them when the station is attacked by mysterious creatures. Kenzie holds one truth above all: the company is everything. As a citizen of Omnistellar Concepts, the most powerful corporation in the solar system, Kenzie has trained her entire life for one goal: to become an elite guard on Sanctuary, Omnistellar ' s space prison for superpowered teens too dangerous for Earth. As a junior guard, she ' s excited to prove herself to her company—and that means sacrificing anything that won ' t propel her forward. But then a routine drill goes sideways and Kenzie is taken hostage by rioting prisoners. At first, she ' s confident her commanding officer—who also happens to be her mother—will stop at nothing to secure her freedom. Yet it soon becomes clear that her mother is more concerned with sticking to Omnistellar protocol than she is with getting Kenzie out safely. As Kenzie forms her own plan to escape, she doesn ' t realize there ' s a more sinister threat looming, something ancient and evil that has clawed its way into Sanctuary from the vacuum of space. And Kenzie might have to team up with her captors to survive—all while beginning to suspect there ' s a darker side to the Omnistellar she knows.

NEW YORK TIMES BESTSELLER Jason M. Hough ' s pulse-pounding debut combines the drama, swagger, and vivid characters of Joss Whedon ' s Firefly with the talent of sci-fi author John Scalzi. In the mid-23rd century, Darwin, Australia, stands as the last human city on Earth. The world has succumbed to an alien plague, with most of the population transformed into mindless, savage creatures. The planet ' s refugees flock to Darwin, where a space elevator—created by the architects of this apocalypse, the Builders—emits a plague-suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow " immunes, " he leads missions into the dangerous wasteland beyond the aura ' s edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts to malfunction, Skyler is tapped—along with the brilliant scientist, Dr. Tania Sharma—to solve the mystery of the failing alien technology and save the ragged remnants of humanity. Praise for The Darwin Elevator " A hell of a fun book. " —James S. A. Corey, New York Times bestselling author of Abaddon ' s Gate " [Jason M.] Hough ' s first novel combines the rapid-fire action and memorable characters associated with Joss Whedon ' s short-lived Firefly TV series with the accessibility and scientific acumen of [James S. A.] Corey ' s " Expanse " series. " —Library Journal (starred review) " The best part about alien stories is their mystery, and Jason Hough understands that like no other. Full of compelling characters and thick with tension, The Darwin Elevator delivers both despair and hope along with a gigantic dose of wonder. It ' s a brilliant debut, and Hough can take my money whenever he writes anything from now on. " —Kevin Hearne, New York Times bestselling author of The Iron Druid Chronicles " Newcomer Hough displays a talent for imaginative plotting and realistic dialogue, and the brisk pacing and cliffhanger ending will keep readers enthralled and eagerly awaiting the next installment.
