independently. Complete review of Grade 4 math aligned to the new "common core" state standards Week-by-week study plans support use as "summer bridge" program for children entering Grade 4 Drill and practice to reinforce learning Market / Audience The market for these books consists of parents who are anxious because their children have to take NCLB tests or because their children are falling behind in school. Other parents will buy the books simply because their children need or want additional practice to reinforce school-taught skills. Sales for this type of workbook always peak in late spring when parents look for "summer bridge" study aids. A week-by-week summer study plan included in the book supports this use.

Everyday Mathematics' focus on real-life problem solving forces
