Atelier 5 was founded in May 1955 by five young architects in Berne. In the first few years, the interrelations between form and function were closely linked to Le Corbusier's theories and his formative language. This led to a prototypical building untouched by modest flows, to buildings that have written a piece of architectural history.

The method adopted by the architects of Atelier 5 was to protect both the internal and external private spaces and acoustically isolate each unit, while promoting social interaction in the common areas. One of the main benefits of this colony, other than providing affordable housing, was the provision of common services.
