Performance and racing drivers constantly seek ways to sharpen their skills and lower their lap times. Ultimate Speed Secrets is the indispensable tool to help make you faster, whatever your driving goals. Professional race driver and coach Ross Bentley has raced everything from Indycars to World Sports Cars to production sedans, on ovals, road courses, and street circuits around the world. His proven high-performance driving techniques benefit novice drivers as well as professional racers. Ultimate Speed Secrets covers everything you need to know to maximize your potential and your car: Choosing the correct line Overtaking maneuvers Adapting to new tracks and cars The mental game and dealing with adversity Finding (and keeping) a sponsor. The pages are filled with specially commissioned color diagrams to illustrate the concepts described. Whether you are a track-day novice or a seasoned professional, Ultimate Speed Secrets will arm you with practical information to lower your lap times and help you get the best out of your vehicle—and yourself. It's the ultimate high-performance driving tutorial!

Step-by-step guide to building a dream sportscar on a budget. Based on available Ford Sierra mechanical components: use a straight 4 or V8 engine, including Pinto, Zetec or Rover K-Series. All parts available from Tiger Sportscars.

Concise and easy to read, this popular manual has provided a practical approach to the diagnosis and medical management of problems in the newborn through seven outstanding editions. The Eighth Edition of Cloherty and Stark's Manual of Neonatal Care maintains that tradition of excellence, offering NICU physicians, neonatal-perinatal fellows, residents, and neonatal nurse practitioners quick access to key clinical information, fully updated to reflect recent advances in the field. Written in an easy-access outline format, this extensively revised edition covers current, practical approaches to the evaluation and management of routine and complex conditions encountered in the fetus and the newborn.
