Everyone's favorite forensic anthropologist, Tempe Brennan, is back! In this #1 New York Times bestseller, the death of a teenager triggers an investigation into an international human trafficking ring. The body of a teenage girl is found after a hit and run in North Carolina, and Temperance Brennan fears the worst. The girl's body shows signs of foul play and her purse contains the ID card of a prominent local businessman, John-Henry Story, who died in a horrific fire months earlier. Was the girl an illegal immigrant turning tricks? Are the deaths related? The investigation becomes more complex as Tempe examines a bundle of Peruvian dog mummies that had been confiscated by U.S. Customs. Dominick Rockett, a Desert

Storm veteran, is accused of smuggling the objects into the country, but is there some larger connection between the illegal trafficking of the antiquities and the trafficking of humans? As the case grows increasingly complicated, Tempe must also grapple with turmoil at home. Katy, Tempe's daughter, impulsively enlists in the Army after the loss of her boyfriend, and Pete, Katy's father, is getting increasingly frustrated by Tempe's reluctance to finalize their divorce. Meanwhile, Tempe finds herself at the center of a conspiracy in Charlotte that extends as far as South America and Afghanistan. Kathy Reichs has reached new heights in suspenseful storytelling, and is at her brilliant best in this thrilling novel.

A gripping Temperance Brennan novel from world-class forensic anthropologist Kathy Reichs, the international no. 1 bestselling crime thriller writer and the inspiration behind the hit TV series *Bones*. The body of a teenage girl is discovered along a desolate highway on the outskirts of Charlotte. Inside her purse is the ID card of a local businessman who died in a fire months earlier. Who was the girl? And was she murdered? Dr Temperance Brennan, Forensic Anthropologist, must find the answers. She soon learns that a Gulf War veteran stands accused of smuggling artefacts into the country. Could there be a connection between the two cases? Convinced that the girl's death was no accident, Tempe soon finds herself at the centre of a conspiracy that extends from South America to Afghanistan. But to find justice for the dead, she must be more courageous - and take more extreme action - than ever before.

Dr Kathy Reichs is a professional forensic anthropologist. She has worked for decades with chief medical examiners, the FBI, and even a United Nations Tribunal on Genocide. However, she is best known for her internationally bestselling Temperance Brennan novels, which draw on her remarkable experience to create the most vividly authentic, true-to-life crime thrillers on the market and which are the inspiration for the hit TV series *Bones*.

Many of the world's greatest thriller writers are huge fans of her work: 'Kathy Reichs writes smart - no, make that brilliant - mysteries that are as realistic as nonfiction and as fast-paced as the best thrillers about Jack Reacher, or Alex Cross.' JAMES PATTERSON 'One of my favourite writers.' KARIN SLAUGHTER 'I love Kathy Reichs? - always scary, always suspenseful, and I always learn something.' LEE CHILD 'Nobody does forensics thrillers like Kathy Reichs. She's the real deal.' DAVID BALDACCI 'Each book in Kathy Reichs's fantastic Temperance Brennan series is better than the last. They're filled with riveting twists and turns - and no matter how many books she writes, I just can't get enough!' LISA SCOTTOLINE 'Nobody writes a more imaginative thriller than Kathy Reichs.' CLIVE CUSSLER

A complex and riveting tale of deceit and murder unfolds in this repackage of the thirteenth thrilling novel in Reichs's "cleverly plotted and expertly maintained series" (*The New York Times Book Review*). John Lowery was declared dead in 1968—the victim of a Huey crash in Vietnam, his body buried long ago in North Carolina. Four decades later, Temperance Brennan is called to the scene of a drowning in Hemmingford, Quebec. The victim appears to have died while in the midst of a bizarre sexual practice. The corpse is later identified as John Lowery. But how could Lowery have died twice, and how did an American soldier end up in Canada? Tempe sets off for the answer, exhuming Lowery's grave in North Carolina and taking the remains to Hawaii for reanalysis—to the headquarters of JPAC, the U.S. military's Joint POW/ MIA Accounting

Command, which strives to recover Americans who have died in past conflicts. In Hawaii, Tempe is joined by her colleague and ex-lover Detective Andrew Ryan (how "ex" is he?) and by her daughter, who is recovering from her own tragic loss. Soon another set of remains is located, with Lowery's dog tags tangled among them. Three bodies—all identified as Lowery. And then Tempe is contacted by Hadley Perry, Honolulu's flamboyant medical examiner, who needs help identifying the remains of an adolescent boy found offshore. Was he the victim of a shark attack? Or something much more sinister?

Her plans for a romantic vacation interrupted by the discoveries of two murdered bodies and a small plane crash, Tempe Brennan traces leads to an isolated North Carolina farm.

#1 New York Times bestseller! From extremist groups to NASCAR to forensic twists, Temperance Brennan is back in a turbo-charged story of secrets and murder. A body is found in a barrel of asphalt in a landfill just before Raceweek when 200,000 fans are pouring into town. The next day a NASCAR crewmember visits Temperance Brennan at the MCME and tells his story. His sister, Cyndi Gamble, then a high school senior who wanted to be a NASCAR driver, disappeared twelve years before along with her boyfriend, Cale Lovette. Lovette used to hang out with a group of right-wing extremists known as the Patriot Posse. Is the body Cyndi's? Or Cale's? At the time of their disappearance, the FBI joined the investigation because of Cale's association with extremists. But the search was quickly terminated. Was there a cover-up? Tempe considers the multiple theories: did the pair take off together to join the underground militia and then get killed by militia types? Did Cale kill Cyndi and disappear into the militia underground? The case gets more complex when another man, Ted Raines, is identified as missing in Charlotte, where he had gone for the big race. Ted was an employee of the CDC in Atlantic. Could the body be his? What could Raines—if it is Raines—have been up to?

In this blockbuster novel from bestselling author Kathy Reichs, forensic anthropologist Temperance Brennan investigates what looks to be a typical missing person case, only to find herself digging up bones possibly left by a serial killer, a cult, or perhaps something not entirely of this world. For every case that Temperance Brennan has solved, there remain numerous bodies that remain unidentified in her lab. Information on some of these cold cases is available online, where amateur detectives sometimes take a stab at solving cases. When Tempe gets a call from Hazel "Lucky" Strike, a web sleuth who believes she's successfully connected a body in Tempe's lab to a missing eighteen-year-old girl, Tempe writes it off as another false alarm. Still reeling from her mother's diagnosis and the shock of Andrew Ryan's potentially life-change proposal, Tempe has little patience for chasing false leads. But when the bones in the lab match the missing girl's medical records, Tempe re-opens the case, returning to the spot where her remains were originally found. What seems at first to be an isolated tragedy takes on a more sinister cast as Tempe uncovers two more sets of bones nearby. Even more troubling is that the area is known as a viewing point for a famous unexplained light phenomenon, and that a local cult nearby has significant interest in the site. Tempe's suspicions turn to murder by ritual sacrifice—a theory that gains even more urgency when Hazel herself turns up dead. Struggling to follow the tracks of a killer who will do anything not to be discovered,

Tempe races to solve the murders and unravel the mysteries surrounding the site before the body count climbs higher. A suspenseful addition to Temperance Brennan's story, *Speaking in Bones* proves that Kathy's pulse-pounding *Bones* series never slows down.

In Kathy Reichs's tenth bestselling novel featuring forensic anthropologist Temperance Brennan, the discovery of a young girl's skeleton in Acadia, Canada might be connected to the disappearance of Tempe's childhood friend. For Tempe Brennan, the discovery of a young girl's skeleton in Acadia, Canada, is more than just another case. Evangeline, Tempe's childhood best friend, was also from Acadia. Named for the character in the Longfellow poem, Evangeline was the most exotic person in Tempe's eight-year-old world. When Evangeline disappeared, Tempe was warned not to search for her, that the girl was "dangerous." Thirty years later, flooded with memories, Tempe cannot help wondering if this skeleton could be the friend she had lost so many years ago. And what is the meaning of the strange skeletal lesions found on the bones of the young girl? Meanwhile, Tempe's beau, Ryan, investigates a series of cold cases. Two girls dead. Three missing. Could the New Brunswick skeleton be part of the pattern? As Tempe draws on the latest advances in forensic anthropology to penetrate the past, Ryan hunts down a serial predator.

#1 New York Times bestselling author Kathy Reichs returns with her twentieth gripping novel featuring forensic anthropologist Temperance Brennan, whose examinations of unidentified bodies ignite a terrifying series of events. "This is A-game Reichs, with crisp prose, sharp dialogue, and plenty of suspense" (Booklist). On the way to hurricane-ravaged Isle of Palms, a barrier island off the South Carolina coast, Tempe receives a call from the Charleston coroner. The storm has tossed ashore a medical waste container. Inside are two decomposed bodies wrapped in plastic sheeting and bound with electrical wire. Tempe recognizes many of the details as identical to those of an unsolved case she handled in Quebec fifteen years earlier. With a growing sense of foreboding, she travels to Montreal to gather evidence. Meanwhile, health authorities in South Carolina become increasingly alarmed as a human flesh-eating contagion spreads. So focused is Tempe on identifying the container victims that, initially, she doesn't register how their murders and the pestilence may be related. But she does recognize one unsettling fact. Someone is protecting a dark secret—and willing to do anything to keep it hidden. An absorbing look at the sinister uses to which genetics can be put and featuring a cascade of ever-more-shocking revelations, *The Bone Code* is "a murder mystery story that races across America at the speed of fright" (James Patterson).

Temperance "Tempe" Brennan faces down the demons of her past in the seventeenth thriller in Kathy Reichs's phenomenally successful *Bones* series. Unexpectedly called in to the Charlotte PD's Cold Case Unit, Dr. Temperance Brennan wonders why she's been asked to meet with a homicide cop who's a long way from his own jurisdiction. The shocking answer: Two child murders, separated by thousands of miles, have one thing in common—the killer. Years ago, Anique Pomerleau kidnapped and murdered a string of girls in Canada, then narrowly eluded capture. It was a devastating defeat for her pursuers, Brennan and police detective Andrew Ryan. Now, as if summoned from their nightmares,

Pomerleau has resurfaced in the United States, linked to victims in Vermont and North Carolina. When another child is snatched, the reign of terror promises to continue—unless Brennan can rise to the challenge and make good on her second chance to stop a psychopath. But Brennan will have to draw her bitter ex-partner out of exile, keep the local police and feds from one another's throats, and face more than just her own demons as she stalks the deadliest of predators into the darkest depths of madness. In *Bones Never Lie*, Kathy Reichs once again satisfies readers looking for psychological suspense that's more than skin-deep.

THE NEW YORK TIMES BESTSELLER and #1 GLOBE AND MAIL BESTSELLER Producer of the FOX television hit *Bones* KATHY REICHS exposes the high-stakes, high-danger world of diamond mining as Dr. Temperance Brennan tracks a murder suspect deep into the Northwest Territories. Beneath a diamond's perfect surface lies a story of violence and greed. Just like bones. . . . In a run-down Montreal apartment, Tempe finds the heartbreaking evidence of three innocent lives ended. The landlord says Alma Rogers lives there—is she the same woman who checked into a city hospital as Amy Roberts, then fled before doctors could treat her uncontrolled bleeding? Is she Alva Rodriguez, sought by a man who appeared at the crime scene? Heading up an investigation crackling with the sexual tension of past intimacies, Tempe leads homicide detective Andrew Ryan and police sergeant Ollie Hasty along the woman's trail and into the farthest reaches of mining country—an unforgiving place where the grim industry of unearthing diamonds exacts a price in blood. And where the truths the unlikely trio uncovers are more sinister than they could have imagined.
