The coaching is about enabling a deeper understanding of self within an organisational role. Deeper understanding that reveals blind spots, better navigates challenges and builds-on strengths. So, executive and career coaching are quite different to the “advise and tell” approach of traditional mentoring.

Coaching vs mentoring: The difference and when they converge

In general, coaching and mentoring are two of the top five most popular jobs out there. Innovation coaching is kind of like a sports coach. In baseball, there is a pitching coach who trains pitchers to improve in their craft. Pitching coaching is just like innovation coaching, as it seeks to help one improve in a specific area based on an ...

Coaching, counseling, and mentoring can dramatically improve employee productivity and satisfaction. But there's a big difference between continuously encouraging employees to do their jobs well (coaching), attempting to fix poor performance (counseling), and helping top performers excel (mentoring).

Unfortunately, most managers don't truly understand how and when to do each.

Coaching, Counseling & Mentoring provides helpful tools like self-assessments and real-life scenarios, and gives managers specific, practical guidance on using these techniques to improve the performance of all their people. This updated and revised second edition includes useful scripts for talking to employees about sensitive issues, and new material on topics including working with off-site employees, what to say when

The coaching/mentoring approach is probably the most effective way of helping others to achieve optimum performance in the workplace. Dr MacLennan's book

Read Online Coaching And Mentoring How To Develop

covers the entire subject from basic skills to designing and implementing a tailor-made coaching and mentoring system. He starts by explaining the nature of achievement and the factors that determine it, and then introduces a seven-stage model that will enable managers and supervisors to encourage their people to develop their skills. He examines the problems commonly encountered and shows how to overcome them or, in some cases, turn them to positive account. The book is interactive throughout, using cartoons, humour, self-assessment questions, case studies and illustrations to reinforce the text. A particularly valuable feature is a set of checklists that together summarize the key elements involved. Coaching and Mentoring is, quite simply, a comprehensive manual of the best methods known today of helping people to succeed.

is its value?' and 'How can the added value of mentoring and coaching be demonstrated?' Examples are drawn from a variety of sectors, including private businesses, public and voluntary organizations and schools. Contemporary debates are explained and chapters include features such as case studies, research questions and helpful tips to support the reader. To gain a wider perspective, there is a chapter which provides critical comment on the state of the art in the US, while the final chapter offers the first attempt at developing a unified theory of coaching and mentoring by drawing on their respective antecedents.
