It boosts your resume and definitely gives an opportunity to explore how an industry works. Internships have become an integral part of a college student ' s or fresh graduates ' career trajectory in ...

IT engineers, web developers and more — State governments are inviting applications for paid internships

The Ultimate Guide to Artificial Intelligence Engineer Starting and Senior Level Salaries in 2021 - Find out what's an average Artificial Intelligence Pro worth?

AI Engineer Salary - The Ultimate Guide for 2021

Discover the career paths and career timelines of computer science contractors and full-time roles, including typical job assignments, salaries, and degrees.

Best computer science job 2021: Top careers compared

With the newly launched Ansys 2021 R2, engineers can capitalize on ever-increasing computing power to optimize complex products, assemblies and systems across industries. Ansys 2021 R2 enables ...

Ansys 2021 R2 Accelerates Engineering Exploration, Collaboration and Automation

Computer science majors benefit from above-average salaries, a variety of career paths, and high demand. But before applying for jobs, students have to successfully complete their computer science ...

How to successfully complete a computer science degree

Successful digital transformation requires much more than a single superstar developer. Instead of searching for 10x engineers, try these three strategies to improve your whole team's results ...

How to forget 10x engineers for the good of your team

With 465,000 cybersecurity job openings in the United States, why is recruiting so difficult? A recent college graduate offers his take.

How to Attract More Computer Science Grads to the Cybersecurity Field

The Software Engineering Institute moves to formalize AI Engineering, as it did for software engineering, joining others studying the discipline.

Software Engineering Institute Moving to Formalize AI Engineering

Consumer product manufacturers are investing in research and development for products with enhanced battery life and performance Surging application of computational fluid mechanics in developing ...

Computer Aided Engineering Market to Exhibit 9% Growth Through 2029

The July 2021 issue of IEEE/CAA Journal of Automatica Sinica features six articles that showcase the potential of machine learning in its various forms.

Advances in machine learning and AI unlock myriad of applications

The development of an ultrathin magnet that operates at room temperature could lead to new applications in computing and electronics - such as high-density, compact spintronic memory devices - and new ...

An one-atom thin 2D magnet could advance new applications in computing and electronics

When Sadsbury Township supervisors meeting, July 6. What happened: Township Manager Michele Neckermann gave an update on the new permit application that is now available to residents who want to make ...

New permit application process is up and running in Sadsbury Township

The UTSA College of Engineering and Integrated Design continues to establish itself among the best engineering schools in the country, according to alumni, who say their education has prepared them to ...

UTSA grads prepare to tackle engineering challenges of the future

OmniSci, the pioneer in accelerated analytics, today announced that the company has promoted Pey Silvester to Vice President of Engineering. Silvester joined OmniSci in 2019 as Director of Engineering ...

OmniSci Promotes Pey Silvester to Vice President of Engineering

The July 2021 issue of IEEE/CAA Journal of Automatica Sinica features six articles that showcase the potential of machine learning in its various forms. The applications described in the studies range ...

Smarter by the minute: Myriad of applications unlocked by artificial intelligence

The University of Pittsburgh Board of Trustees approved the construction of a \$24.5 million, 40,000-square-foot engineering and information technologies building at the Bradford campus.

Pitt trustees OK \$24.5M engineering/info tech building for Bradford campus

In part two of our series on UTSA ' s Department of Civil and Environmental Engineering, UTSA Today takes a collective look at the preeminent resources available for faculty and students in their ...

Investment in UTSA ' s Department of Civil and Environmental Engineering paying dividends

The computer vision market is taking off, and could have transformative impact on a broad range of industries, according to a recent IDG survey.

Cloudstructure to scale facial recognition and computer vision platform after raising over \$29M

Application is now open to all College of Engineering students with a preference given to mechanical engineering, electrical engineering, chemical engineering, and computer science majors. Apply by ...

FutureFuel Chemical Company Scholarship Opportunity for College of Engineering Students

Global " Pervasive Computing Technology Market " Report 2021 evaluating the current state of the market. It provides detail overview of market segmentation, end-use applications and industry chain ...
