The must-read text for criminal justice students, prospective police supervisors, and police promotional exams. Supervision of Police Personnel, Eighth Edition, offers complete coverage of the principles and practices of police supervision for leadership training of supervisors in law enforcement and allied fields. This newly updated text explores relationships involved in individual and group management methods and the practical techniques for carrying out the various responsibilities of the police supervisor. Discussions focus on real issues faced by police supervisors in interpersonal, operational, and administrative relationships. Written by experienced police officers, the text presents time-tested content that is an indispensable resource for promotional exams.

This review guide is designed to help students learn the information presented in O'Hara's Fundamentals of Criminal Investigation. Gregory O'Hara's study guide has been revised and restructured to complement the eighth edition of the text. For each chapter you will find a list of key terms and multiple-choice questions. It is recommended that students first carefully read the chapter noting important points and information, then review the key terms and return to the text to clarify any unfamiliar topics. When confident of your understanding of the key terms, proceed to the questions. Most questions are restatements of information in the chapter. Some, however, may require students to apply the chapter information to derive the correct answer. Test your understanding of the material by trying to answer the questions. Correct answers can be found in the back of the study guide. For questions you answered incorrectly, return to the text and review the appropriate information. Through this process of review and self-testing, students can increase their understanding of complexities of the criminal investigation process. This guide is an excellent companion volume to the bestselling textbook and will be useful to students who are reviewing the important elements of this discipline in other criminal justice texts.
