This is the conundrum at the heart of "Ghetto at the Center of the World". Mathews tackles it by providing a vivid description of the people who live their lives in the building's dimly lit hallways, restaurants, and shops, and by analyzing the larger material and political forces at work.

Ghetto at the Center of the World: Chungking Mansions ...

Ghetto at the Center of the World is an incredible book about an incredible place. Chungking Mansions is a 17-storied building in Hong Kong that has become an international trade hub because of it's low prices and central location, gathering at any given time about 4 thousand people in it's guest houses, stores and restaurants.

Ghetto at the Center of the World: Chungking Mansions ...

The residents of Chungking Mansions are economically blocked from the rest of the city and often racially discriminated against, so how do such marginalized people survive, much less prosper? This is the conundrum at the heart of Ghetto at the Center of the World. Mathews tackles it by providing a vivid description of the people who live their lives in the building's dimly lit hallways, restaurants, and shops, and by analyzing the larger material and political forces at work.

4e de couv.: Chungking Mansions, a dilapidated seventeen-story commercial and residential structure in the heart of Hong Kong's tourist district, is home to a remarkably motley group of people. Traders, laborers, and asylum seekers from all over Asia and Africa live and work there, and even backpacking tourists rent rooms in what is possibly the most globalized spot on the planet. But as Ghetto at the center of the world shows us, the Mansions is a world away from the gleaming headquarters of multinational corporations -instead it epitomizes the way globalization actually works for most of the world's people. Through candid stories that both instruct and enthrall, Gordon Mathews lays bare the building's residents' intricate connections to the international circulation of goods, money, and ideas.
--

There is nowhere else in the world quite like Chungking Mansions, a dilapidated seventeen-story commercial and residential structure in the heart of Hong Kong's tourist district. A remarkably motley group of people call the building home; Pakistani phone stall operators, Chinese guesthouse workers, Nepalese heroin addicts, Indonesian sex workers, and traders and asylum seekers from all over Asia and Africa live and work there—even backpacking tourists rent rooms. In short, it is possibly the most globalized spot on the planet. But as Ghetto at the Center of the World shows us, a trip to Chungking Mansions reveals a far less glamorous side of globalization. A world away from the gleaming headquarters of multinational corporations, Chungking Mansions is emblematic of the way globalization actually works for most of the world's people. Gordon Mathews's intimate portrayal of the building's polyethnic residents lays bare their intricate connections to the international circulation of goods, money, and ideas. We come to understand the day-to-day realities of globalization through the stories of entrepreneurs from Africa carting cell phones in their luggage to sell back home and temporary workers from South Asia struggling to earn money to bring to their families. And we see that this so-called ghetto—which inspires fear in many of Hong Kong's other residents, despite its low crime rate—is not a place of darkness and desperation but a beacon of hope. Gordon Mathews's compendium of riveting stories enthralls and instructs in equal measure, making Ghetto at the Center of the World not just a fascinating tour of a singular place but also a peek into the future of life on our shrinking planet.

There is nowhere else in the world quite like Chungking Mansions, a dilapidated 17-storey commercial and residential structure in the heart of Hong Kong's tourist district. This book provides an intimate portrayal of the building's polyethnic residents.

The Book Smugglers is the nearly unbelievable story of ghetto residents who rescued thousands of rare books and manuscripts-first from the Nazis and then from the Soviets-by hiding them on their bodies, burying them in bunkers, and smuggling them across borders. It is a tale of heroism and resistance, of friendship and romance, and of unwavering devotion-including the readiness to risk one's life-to literature and art. And it is entirely true. Based on Jewish, German, and Soviet documents, including diaries, letters, memoirs, and the author's interviews with several of the story's participants, The Book Smugglers chronicles the daring activities of a group of poets turned partisans and scholars turned smugglers in Vilna. "The Jerusalem of Lithuania." The rescuers were pitted against Johannes Pohl, a Nazi "expert" on the Jews, who had been dispatched to Vilna by the Nazi looting agency, Einsatzstab Reichsleiter Rosenberg, to organize the seizure of the city's great collections of Jewish books. Pohl and his Einsatzstab staff planned to ship the most valuable materials to Germany and incinerate the rest. The Germans used forty ghetto inmates as slave-laborers to sort, select, pack, and transport the materials, either to Germany or to nearby paper mills. This group, nicknamed "the Paper Brigade," and informally led by poet Shmerke Kaczerginski, a garrulous, street-smart adventurer and master of deception, smuggled thousands of books and manuscripts past German guards. If caught, the men would have faced death by firing squad at Ponar, the mass-murder site outside of Vilna. To store the rescued manuscripts, poet Abraham Sutzkever helped build an underground book-bunker sixty feet beneath the Vilna ghetto. Kaczerginski smuggled weapons as well, using the group's worksite, the former building of the Yiddish Scientific Institute, to purchase arms for the ghetto's secret partisan organization. All the while, both men wrote poetry that was recited and sung by the fast-dwindling population of ghetto inhabitants. With the Soviet "liberation" of Vilna (now known as Vilnius), the Paper Brigade thought themselves and their precious cultural treasures saved-only to learn that their new masters were no more welcoming toward Jewish culture than the old, and the books must now be smuggled out of the USSR. Thoroughly researched by the foremost scholar of the Vilna Ghetto-a writer of exceptional daring, style, and reach-The Book Smugglers is an epic story of human heroism, a little-known tale from the blackest days of the war.

In 1944, the Yiddish poet Abraham Sutzkever was airlifted to Moscow from the forest where he had spent the winter among partisan fighters. There he was encouraged by Ilya Ehrenburg, the most famous Soviet Jewish writer of his day, to write a memoir of his two years in the Vilna Ghetto. Now, seventy-five years after it appeared in Yiddish in 1946, Justin Cammy provides a full English translation of one of the earliest published memoirs of the destruction of the city known throughout the Jewish world as the Jerusalem of Lithuania. Based on his own experiences, his conversations with survivors, and his consultation with materials hidden in the ghetto and recovered after the liberation of his hometown, Sutzkever's memoir rests at the intersection of postwar Holocaust literature and history. He grappled with the responsibility to produce a document that would indict the perpetrators and provide an account of both the horrors and the resilience of Jewish life under Nazi rule. Cammy bases his translation on the two extant versions of the full text of the memoir and includes Sutzkever's diary notes and full testimony at the Nuremberg Trials in 1946. Fascinating reminiscences of leading Soviet Yiddish cultural figures Sutzkever encountered during his time in Moscow – Ehrenburg, Yiddish modernist poet Peretz Markish, and director of the State Yiddish Theatre Shloyme Mikhoels – reveal the constraints of the political environment in which the memoir was composed. Both shocking and moving in its intensity, From the Vilna Ghetto to Nuremberg returns readers to a moment when the scale of the Holocaust was first coming into focus, through the eyes of one survivor who attempted to make sense of daily life, resistance, and death in the ghetto. A Yiddish Book Center Translation

A New York Times Notable Book of 2016 Winner of the Zócalo Public Square Book Prize On March 29, 1516, the city council of Venice issued a decree forcing Jews to live in il geto—a closed quarter named for the copper foundry that once occupied the area. The term stuck. In this sweeping and original account, Mitchell Duneier traces the idea of the ghetto from its beginnings in the sixteenth century and its revival by the Nazis to the present. As Duneier shows, we cannot comprehend the entanglements of race, poverty, and place in America today without recalling the ghettos of Europe, as well as earlier efforts to understand the problems of the American city. Ghetto is the story of the scholars and activists who tried to achieve that understanding. As Duneier shows, their efforts to wrestle with race and poverty cannot be divorced from their individual biographies, which often included direct encounters with prejudice and discrimination in the academy and elsewhere. Using new and forgotten sources, Duneier introduces us to Horace Cayton and St. Clair Drake, graduate students whose conception of the South Side of Chicago established a new paradigm for thinking about Northern racism and poverty in the 1940s. We learn how the psychologist Kenneth Clark subsequently linked Harlem's slum conditions with the persistence of black powerlessness, and we follow the controversy over Daniel Patrick Moynihan's report on the black family. We see how the sociologist William Julius Wilson redefined the debate about urban America as middle-class African Americans increasingly escaped the ghetto and the country retreated from racially specific remedies. And we trace the education reformer Geoffrey Canada's efforts to transform the lives of inner-city children with ambitious interventions, even as other reformers sought to help families escape their neighborhoods altogether. Duneier offers a clear-eyed assessment of the thinkers and doers who have shaped American ideas about urban poverty—and the ghetto. The result is a valuable new estimation of an age-old concept.

The true tale of Irena Sendlerowa, a social worker in the Warsaw ghetto in the early 1940s, during the early days of German occupation. She is credited for saving the lives of 2500 Jewish children by gradually and quietly smuggling them to safety in small groups. While she is eventually arrested by Gestapo, imprisoned, and tortured for her actions, she refuses to reveal her network and is condemned to death. She is ultimately saved from death by other members of her organization. After the war, she retrieved the names of all children she saved (kept in a glass jar buried under a tree behind her house) and attempted to locate each of their parents for reunion. And while most of the parents had been gassed in the Holocaust, she made it her mission to help those orphans find new homes. Another true SCHINDLER'S LIST scenario, illustrated for a younger audience, but equally moving for adults.

Before the opening of the treaty ports in the 1840s, Canton was the only Chinese port where foreign merchants were allowed to trade. The Golden Ghetto takes us into the world of one of this city's most important foreign communities—the Americans—during the decades between the American Revolution of 1776 and the signing of the Sino-US Treaty of Wanghia in 1844. American merchants lived in isolation from Chinese society in sybaritic, albeit usually celibate luxury. Making use of exhaustive research, Downs provides an especially clear explanation of the Canton commercial setting generally and of the role of American merchants. Many of these men made fortunes and returned home to become important figures in the rapidly developing United States. The book devotes particular attention to the biographical details of the principal American traders, the leading American firms, and their operations in Canton and the United States. Opium smuggling receives especial emphasis, as does the important topic of early diplomatic relations between the United States and China. Since its first publication in 1997, The Golden Ghettohas been recognized as the leading work on Americans trading at Canton. Long out of print, this new edition makes this key work again available, both to scholars and a wider readership. "The fullest exposition on the subject thus far and as the final word on extant, previously untapped, English-language sources." — Eileen Scully, in The China Quarterly

An engrossing and counter view of one of the most dangerous elements of American urban history, this graphic novel tells the true story of Benjy Melendez, a Bronx legend who founded, at the end of the 1960s, the formidable Ghetto Brothers gang. From the seemingly bombed-out ravages of his neighborhood, wracked by drugs, poverty, and violence, he managed to extract an incredibly positive energy from this riot ridden era: his multiracial gang promoted peace rather than violence. Among its many accomplishments, the gang held weekly concerts on the streets or in abandoned buildings, which fostered the emergence of hip-hop.

Few words are as ideologically charged as "ghetto," a term that has described legally segregated Jewish quarters, dense immigrant enclaves, Nazi holding pens, and black neighborhoods in the United States. Daniel B. Schwartz reveals how the history of ghettos is tied up with struggle and argument over the slippery meaning of a word.
