Full color publication. This document has been produced and updated over a 21-year period. It is intended to be a handy reference document, basically one page per flight, and care has been exercised to make it as error-free as possible. This document is basically "as flown" data and has been compiled from many sources including flight logs, flight rules, flight anomaly logs, mod flight descent summary, post flight analysis of mps propellants, FDRD, FRD, SODB, and the MER shuttle flight data and inflight anomaly list. Orbit distance traveled is taken from the PAO mission statistics.

This volume presents the proceedings of an international symposium organized by the Getty Conservation Institute and the J. Paul Getty Museum. The first conference of its kind in twenty years, the symposium assembled an international group of conservators of painted panels, and gave them the opportunity to discuss their philosophies and share their work methods. Illustrated in color throughout, this volume presents thirty-one papers grouped into four topic areas: Wood Science and Technology, History of Panel-Manufacturing Techniques, History of the Structural Conservation of Panel Paintings, and Current Approaches to the Structural Conservation of Panel Paintings.

This manual provides guidance for MOS 11C soldiers and their trainers on the employment of the 60-mm (M224 and M19) mortars, 81-mm (M252 and M29A1) mortars, 4.2-inch (M30) mortar, and 120-mm (M120) mortars. It discusses the practical applications of ballistics and a system combining the principals, techniques, and procedures essential to the delivery of timely and accurate mortar fire. (See FM 23-90 for information on mechanical training, crew drills, and the characteristics, components, and technical data of each mortar.)

A selection of fifty great sea voyages around the mainland of Scotland and the Western Isles. At last, here it is . Scotland's first guidebook for sea kayakers wishing to explore its amazing coastline and magical islands. It brings together a selection of fifty great sea voyages around the mainland of Scotland, from the Mull of Galloway in the SW to St Abb's Head on the east coast, as well as voyages in the Western Isles, ranging from day trips to three day journeys. Illustrated with superb colour photographs and useful maps throughout, it is a practical guide to help you select and plan trips. It will provide inspiration for future voyages and a souvenir of journeys undertaken. As well as providing essential information on where to start and finish, distances, times and tidal information, the book does much to stimulate and inform our interest in the environment we are passing through. It is full of facts and anecdotes about local history, geology, scenery, seabirds and sea mammals. A fascinating read and an inspirational book.

The manual describes the general strategy for the U.S. Marines but it is beneficial for not only every Marine to read but concepts on leadership can be gathered to lead a business to a family. If you want to see what make Marines so effective this book is a good place to start.
