This first book of the Second Sons Trilogy establishes Jennifer Fallon as one of the most unique voices in fantasy fiction, as she creates full characters, and takes intelligent plotting to a whole new level in order to establish unparalleled complexity and tension. On the world Ranadon there is no night as both suns shine brightly. The intervention of Belagren, High Priestess of the Shadowdancers, and the sacrifice of a child of royal blood, has banished the Age of Shadows from the skies. Belagren's position is unquestioned . . . until circumstances begin to tip political rivalries into a deadlier game altogether. A volcanic eruption rocks the seas separating the Kingdom of Dhevyn and the mainland Kingdom of Senet, and a mysterious sailor is shipwrecked on the island of Elcast. Badly wounded, his arrival stirs up old hatreds and unravels old secrets. His presence is enough to even bring Antonov, the powerful Lion of Senet, to the island and fear to the Keep of the Duke of Elcast. A strong friendship develops between Dirk, second son of the Duke, and Kirshov Latanya, second son of the Lion of Senet. But will they, and their friendship, survive the chain of events set in motion by the ambitions of the ruthless High Priestess of the Shadowdancers and the domineering Lion of Senet?

'In real life, tia, good people sometimes do bad things and not all bad people are totally evil. Dirk lives with what he's done every day of his life.' Dirk Provin fled Prince Antonov's court in Avacas with tia Veran and is now in hiding in the Baenlands. Antonov, the Lion of Senet, determines to bring Dirk back with a series of atrocities so dreadful, Dirk is unable to ignore them. Antonov's son, Kirsh, has married Princess Alenor of Dhevyn, but is still obsessed with the beautiful young acrobat Marquel who may yet cost him his life. Alenor is discovering that married life is not quite what she imagined, and tries to concentrate on her responsibilities as Queen of Dhevyn. Instead, she is inexorably drawn into a web of deceit and intrigue. It is only in the ruins of Omaxin that Dirk has any hope of uncovering the truth of the Age of Shadows. But the truth he discovers is not at all what he bargained for... Praise for Jennifer Fallon 'the best fantasy I've read this year . . . anyone who loves Guy Gavriel Kay or George RR Martin will devour this book' Nexus 'Fallon writes with a fresh and engaging touch' NW magazine

As darkness once again threatens Ranadon, Dirk Provin must risk being labeled a traitor as he sets in motion his own scheme to save the kingdom and expose the truth before he loses everything, in the epic conclusion of the Second Sons Trilogy. Original.

When a routine hanging goes wrong and a murderer somehow survives the noose, the man announces he is an immortal. And not just any immortal, but Cayal, the Immortal Prince, hero of legend, thought to be only a fictional character. To most he is a figure out of the Tide Lord Tarot, the only record left on Amyrantha of the mythical beings whom fable tells created the race of half-human, half-animal Crasii, a race of slaves. Arkady Desean is an expert on the legends of the Tide Lords so at the request of the King's Spymaster, she is sent to interrogate this would-be immortal, hoping to prove he is a spy, or at the very least, a madman. Though she is set the task of proving Cayal a liar, Arkady finds herself believing him, against her own good sense. And as she begins to truly believe in the Tide Lords, her own web of lies begins to unravel... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Marla Wolfblade of Hythria is determined to restore her family's great name, but conspirators surround her: the Sorcerers' Collective, the Patriots -- even members of her own family. She must make sure her son Damin lives to be old enough to restore the Wolfblade name to its former glory. Elezaar the Dwarf is a small man with big secrets -- but that doesn't matter to Marla Wolfblade. Her brother is the High Prince of Hythria, and, in this fiercely patriarchal society, her fate will be decided on his whim. She needs someone politically astute to guide her through the maze of court politics -- and Elezaar the Dwarf knows more than he lets on. As Elezaar teaches Marla the Rules of Gaining and Wielding Power, Marla starts on the road to becoming a tactician and a wily diplomat -- but will that be enough to keep her son alive? The Hythrun Chronicles Demon Child: Medalon / Treason Keep / Harshini Wolfblade: Wolfblade / Warrior / Warlord / Short Story: "Elezaar's Rules of Gaining and Wielding Power" War of the Gods: The Lyre Thief / Retribution / Covenant / Brakandaran the Halfbreed At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Rendered outlaws in the wilderness when the land of Medalon surrenders to foreign invaders, Damin Wolfblade and his army work to defeat a usurper, while Demon Child R'shiel struggles toward a final confrontation with the powerful Xaphista. By the author of Treason Keep. Reprint.

With her master dead and her oaths foresworn, necromancer and spy Isyllt Iskaldur finds herself in exile. Hounded by assassins, she seeks asylum in Assar, the empire she so recently worked to undermine. Warlords threaten the empire's fragile peace, and the empress is beset by enemies within the court. Even worse, darkness stirs in the deep desert. Ancient spirits long held captive are waking - spirits that can destroy Assar faster than any army. Accompanied by an outcast jinn, Isyllt must travel into the heart of the desert to lay the darkness there to rest once more. But her sympathies are torn between the captive spirits and the order of mages sworn to bind them. And whichever choice she makes could raze the empire to dust.

How do you go about killing yourself when you are an immortal? Is it even possible? Jennifer Fallon explores this tantalizing puzzle in The Gods of Amyrantha, the second in her Tide Lords series. The Tide is turning and the Tide Lords' powers are returning with it. Cayal, the Immortal Prince, hero of legend, was thought to be only a fictional character. Cayal sure wishes that he was a piece of fiction--anything that would help him shuffle off this mortal coil. But even though he longs for a final death, things in the world keep pulling him back. Such as Arkady Desean, an expert on the legends of the Tide Lords who has discovered the truth about Cayal...and captured his heart. Yes, the Tide Lords will walk upon the earth once more and, with the power that surges through the cosmos, stand poised to wreak havoc on all that humans hold dear. Cayal will have to decide if he wants to go on living just a little longer and if he is willing to risk his fellow immortals' wrath in order to save the world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

R'shiel, daughter of the First Sister of the Blade, and her half-brother, Tarja, a Captain of the Defenders, become caught up in a rebellion against the Sisterhood, the rulers of Medalon.
