Britain under the later Roman Empire, Salway outlines the key events of this time period, providing a focus on society in Roman Britain, and offering a thoughtful consideration of the aftermath of Roman rule. In the new edition of this Very Short Introduction, Peter Salway makes a number of essential updates in light of recent research in the area.

First published in The Oxford Illustrated History of Britain, 1984; first published as a Very Short Introduction, 2000.

The Roman Empire was a remarkable achievement. It had a population of sixty million people spread across lands encircling the Mediterranean and stretching from drizzle-soaked northern England to the sun-baked banks of the Euphrates in Syria, and from the Rhine to the North African coast. It was, above all else, an empire of force - employing a mixture of violence, suppression, order, and tactical use of power to develop an astonishingly uniform culture. This Very Short Introduction covers the history of the Empire from Augustus (the first Emperor) to Marcus Aurelius, describing how the empire was formed, how it was run, its religions and its social structure. It examines how local cultures were 'romanised' and how people in far away lands came to believe in the emperor as a god. The book also examines how the Roman Empire has been considered and depicted in more recent times, from the writings of Edward Gibbon, to the differing attitudes of the Victorians and recent Hollywood blockbuster films. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Roman Empire was a remarkable achievement. With a population of sixty million people, it encircled the Mediterranean and stretched from northern England to North Africa and Syria. This Very Short Introduction covers the history of the empire at its height, looking at its people, religions and social structures. It explains how it deployed violence, 'romanisation', and tactical power to develop an astonishingly uniform culture from Rome to its furthest outreaches.

The toga was often to be seen among them': with these words the Roman Historian Tacitus describes the Britons adopting the Roman way of life at an early stage of their long history as Roman provincials.

First published as part of the best-selling The Oxford Illustrated History of Britain, John Blair's Very Short Introduction to the Anglo-Saxon Age covers the emergence of the earliest English settlements to the Norman victory in 1066. This book is a brief introduction to the political, social, religious, and cultural history of Anglo-Saxon England. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

For four centuries Britain was an integral part of the Roman Empire, a political system stretching from Turkey to Portugal and from the Red Sea to the Tyne and beyond. Its involvement with Rome started long before the Conquest launched by the Emperor Claudius in 43 AD, and it continued to be a part of the Roman world for some time after the final break with Roman rule. Bringing together archaeological investigation and historical scholarship, Peter Salway explores some of the key issues arising from this period in Britain's history, discussing the question of identity at this time and analysing the importance of widespread literacy in Roman Britain. Covering the period from Julius Caesar's first forays into Britain and Claudius' subsequent conquest, as well as Britain under the later Roman Empire, Salway outlines the key events of this time period, providing a focus on society in Roman Britain, and offering a thoughtful consideration of the aftermath of Roman rule. In the new edition of this Very Short Introduction, Peter Salway makes a number of essential updates in light of recent research in the area. He looks at issues of ethnicity, 'Britishness', and post-colonialism, provides alternative theories to the end of the Roman period in Britain, and draws parallels between the history of Roman Britain and a wide range of other periods, territories, and themes, including the modern experience of empires and national stereotypes. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

[[Lucid and engaging . . . should take pride of place on the bookshelf of specialists and non-specialists interested in Roman Britain.]] [Minerva This illuminating account of Britain as a Roman province sets the Roman conquest and occupation of the island within the larger context of Romano-British society and how it functioned. The author first outlines events from the Iron Age period immediately preceding the conquest in AD 43 to the emperor Honorius's advice to the Britons in 410 to fend for themselves. He then tackles the issues facing Britons after the absorption of their culture by an invading army, including the role of government and the military in the province, religion, commerce, technology, and daily life. For this revised edition, the text, illustrations, and bibliography have been updated to reflect the latest discoveries and research in recent years. The superb illustrations feature reconstruction drawings, dramatic aerial views of Roman remains, and images of Roman villas, mosaics, coins, pottery, and sculpture.

Roman Britain is vividly portrayed in this fascinating and authentically detailed story about a year in the life of an ordinary woman and her family. The year is AD 133. Hadrian is Emperor of Rome and all its vast empire, including Britannia. The greater part of that island has long been under imperial rule and the Roman legions control most of the land, quelling uprisings and building new forts and towns. Around the fortress of Eboracum (now known as York), a bustling garrison settlement is developing, while along the north-west frontier of Hadrian's empire, the legions are completing the construction of a mighty wall. Introducing us to this world is Senovara, born into the Parisi, a local tribe whose customs have been little changed by Roman rule. But she is also the young wife of Quintus, a veteran of the 6th Legion Victrix. Settling in Quintus's home is both bewildering and awe-inspiring for Senovara as she seeks to adjust to Eboracum's cosmopolitan environment, come to terms with new customs and reconcile their cultural differences. Senovara finds that daily life in the settlement can be harsh; a constant struggle to provide her family with fresh food, water and warmth. Yet there is much enjoyment to be had as well, at the public baths or with new friends. There is also the excitement of religious festivals and in the regular news from the frontier, and peril in the form of a deadly fever which sweeps through Eboracum, forcing Senovara and her children to flee to her brother in the countryside. Roman Woman is an immersive, compelling narrative which gets to the heart of what life was like for everyday people in Roman Britain.

Explores the relationship between the contemporary world and the ancient one.

'One could not ask for a more meticulous or scholarly assessment of what Britain meant to the Romans, or Rome to Britons, than Peter Salway's Monumental Study' Frederick Raphael, Sunday Times From the invasions of Julius Caesar to the unexpected end of Roman rule in the early fifth century AD and the subsequent collapse of society in Britain, this book is the most authoritative and comprehensive account of Roman Britain ever published for the general reader. Peter Salway's narrative takes into account the latest research including exciting discoveries of recent years, and will be welcomed by anyone interested in Roman Britain.
