The Chemical Reaction of Words on the Brain. Words carry power that are not only felt through the act of saying but through the act of receiving. The mind is like a voice recorder when you listen enough times to something on audio or video, your mind will remember and store it. Words can literally change the neurons in the brain.

The Secret Power of Words and Subconscious Trauma ...

Your subconscious mind is very powerful. Although it is hidden from sight, it has immense power in your life. This part of the mind has many functions and works tirelessly behind the scenes. Moreover, your subconscious mind is the home of your habits, your past experiences and unresolved emotions. It remembers everything you have ever experienced.
