Every Child Is Special: Teaching Young Children with ...

Much reform nationally and state-wide has intensely put more emphasis on meeting the individual needs of the children public school teachers serve. Education is still a respected tradition in the United States. At times it is seen as the savior of society, especially when America is challenged with bad times. " With the civil rights reforms, the United States accepted the legal and moral challenge of providing fairness in education for all children, with the influx of so many more children ...
